RANGE COMPOSITION

The models detailed on this sheet are 9 fan assisted 600 litre refrigerators that offer excellent standards in terms of performance and efficiency. These models come in fridge, 0°C and -2°C versions with a choice of materials (stainless steel or white painted steel) and are available with single or half full doors. Model RS06DX2F is constructed with two separate cells (300+300 litres) with different range of temperature and model RS06RX1FR has a remote refrigeration unit.

FUNCTIONAL AND CONSTRUCTION FEATURES

- ◆ Internal and external structure in stainless steel or white painted steel, top and back in galvanized steel (stainless steel on model RS06NX1F). 150 mm high adjustable feet.
- ◆ Digital control panel allowing the easy and precise setting and control of the internal temperature.
- ◆ Completely automatic defrosting and automatic evaporation of defrost water (304 AISI models), manual emptying of defrost water (stainless steel models).
- ◆ High standards of hygiene and ease of cleaning are guaranteed by the rounded internal corners of the cabinet and easily removable runners and grids (without the use of tools).
- ◆ The refrigeration unit can operate in tropical climates (+43°C ambient temperature).
- ◆ Excellent forced air cooling system that ensures the utmost uniformity of temperature in the cabinet and guarantees a perfect storage quality of the goods.
- ◆ Extremely quiet operation at 51 dBA.
- ◆ High-density expanded polyurethane insulating foam, 60 mm in thickness, with cyclopenthane injection, guarantees exceptional, long-term insulation and notable energy savings.
- ◆ The rational use of the internal space of the refrigerator guarantees a large storage area suitable to contain 2/1 GN grids.

- ♦ Reversible self-closing door, in positions less than 90°, with a stop at 95° and a maximum opening at 180°, equipped with a magnetic door seal to guarantee perfect closure. The pressed stainless steel recessed door handle without joints makes opening the cabinet extremely easy.
- ◆ All the doors are fitted as standard with locks and keys and a microswitch to switch off the fan when the door is opened.
- ◆ Stainless steel feet (plastic interior).
- ◆ A wide range of optional accessories are available.
- ◆ CFC and HCFC free.
- ◆ All models comply with the standards required by the main international approval bodies and are H marked.
